

Create a K-12 TexShare Icon for your PC Desktop

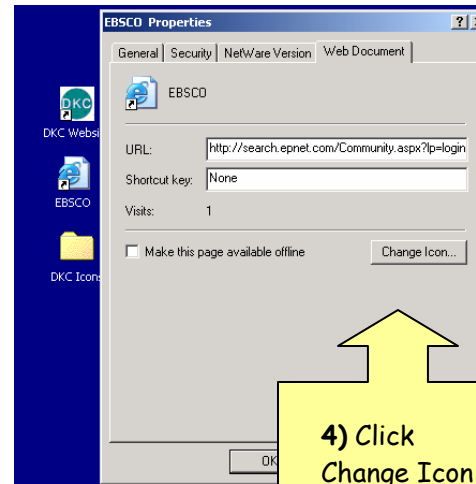

1) Create a folder on your desktop or desired network drive and name it Icons.

2) Right click on the corresponding link for your shortcut and choose "Save As" or " Save Target As". Save the icon into the previously created icons file folder.

3) Go to the desktop and right click on the icon you would like to change. Click on Properties.

4) Click Change Icon

5) Click Browse
