## State Funded K-12 Databases Program – Online Training Modules

---

K-12 Databases Program training modules are now available for registration through the ESC-20 iLearning system. Instructions for access are included below. These online modules are self-paced so you may access and complete the courses at times that fit your schedule. IMPORTANT: Please read each module introduction page for system and installation requirements.

These training modules are recommended for ALL educators to learn more about the K-12 Databases Program and the online resources (EBSCO and Encyclopaedia Britannica). Participants will receive 3 hours of CPE upon completion of each entire course. Please allow ESC-20 staff 5 to 10 business days to verify completion before printing your certificate.
